Thulani Nyama

About me

Many challenges tried taking my happiness from me...
But because I was born with a courageous heart and compassionate SPIRIT that no amount of negativity can affect. I spread laughter, smiles and protect my loved ones. And I just finished my Software Engineering course at We Think Code __ and am ready to develop amazing applications, passionate about the Tech world and especially coding... Looking to join your amazing team, because my curiosity led me to your website and I saw the beautiful culture you have. So I picked up the phone and called, and after viewing your profile I really liked the positive energy you transfer. Having studied at We Think Code__ a sister coding school of 42. Where they select the top 1% of coders in South Africa, makes me a perfect culture fit.

LIFE SCIENCE
ACCOUNTING

PERSONAL CHARACTERISTICS

Punctuality	**EXCELLENT**
Neatness	**EXCELLENT**
School Attendance	**EXCELLENT**

ACADEMIC RECORD

Work ethic	**EXCELLENT**
Quality of work	**EXCELLENT**

EXTRA-CURRICULAR INVOLVEMENT

Leadership: Homework Monitor

Participation:
2005 – Hockey league winners
Indoor hockey second in league
Hockey full colours
2006 – ABSA Cup hockey tournament winner
Third in hockey league
Hockey full colours
2007 – AITKEN Tournament winners
Half colours hockey
2008- Athletic Vaal triangle championship silver and bronze medal
Athletic half colours
Gauteng provincial championships for cross country
Half colours for cross country

THE MISSION OF THIS SCHOOL IS TO FOSTER ACADEMIC, SOCIAL AND EXTRA-
CURRICULAR GROWTH THROUGH THE DEVELOPMENT OF COGNITIVE THINKING SKILLS.

2009 – Athletic Vaal triangle championships 2 sliver and one bronze medal
Gauteng athletics championships top 10
Athletic full colours
Hurdler of the year

GENERAL COMMENT

Thulani is polite, co-operative, and confident and his academic performance is excellent. He has a lot of iniative and creativity. He is highly respected by his peers as well as educators. He is leader by example and motivates learner around him. Thulani excels in both sporting and academic fields and manages to balance both.

Mrs. C. Vermeulen

IT Essentials: PC Hardware and Software

During the Cisco Networking Academy® course, administered by the undersigned instructor, the student was able to proficiently:

- Define Information Technology (IT) and describe the components of a personal computer

- Describe how to protect self, equipment and the environment from accidents, damage, and contamination

- Perform a step-by-step assembly of a desktop computer, and install and navigate an operating system

- Explain and perform preventive maintenance

- Explain the steps of the troubleshooting process and perform basic troubleshooting

- Install and navigate an operating system

- Upgrade or replace components of a laptop, printer, or scanner based on customer needs

- Configure computers to attach to an existing network

- Implement basic physical and software security principles

- Apply good communication skills and professional behavior while working with customers

- Assess customer needs, analyze possible configurations, and provide solutions or recommendations for hardware, operating systems, networking, and security

CCNA Routing and Switching: Introduction to Networks

During the Cisco Networking Academy® course, administered by the undersigned instructor, the student was able to proficiently:

- Understand and describe the devices and services used to support communications in data networks and the Internet

- Understand and describe the role of protocol layers in data networks

- Understand and describe the importance of addressing and naming schemes at various layers of data networks in IPv4 and IPv6 environments

- Design, calculate, and apply subnet masks and addresses to fulfill given requirements in IPv4 and IPv6 networks

- Explain fundamental Ethernet concepts such as media, services, and operations

- Build a simple Ethernet network using routers and switches

- Use Cisco command-line interface (CLI) commands to perform basic router and switch configurations

- Utilize common network utilities to verify small network operations and analyze data traffic

CCNA Routing and Switching: Routing and Switching Essentials

During the Cisco Networking Academy® course, administered by the undersigned instructor, the student was able to proficiently:

- Understand and describe basic switching concepts and the operation of Cisco switches

- Understand and describe enhanced switching technologies

- Understand and describe dynamic routing protocols, distance vector routing protocols, and link-state routing protocols

- Configure and troubleshoot basic operations in a small switched and routed network

- Configure and troubleshoot VLANs and inter-VLAN routing

- Understand and describe the purpose and types of access control lists (ACLs)

- Configure, monitor, and troubleshoot ACLs for IPv4 and IPv6

- Understand and describe the operations and benefits of Dynamic Host Configuration Protocol (DHCP) and Domain Name System (DNS) for IPv4 and IPv6

- Understand and describe the operations and benefits of Network Address Translation (NAT)

- Configure and troubleshoot NAT operations

VERITECH

TECHNOLOGY FOR PEOPLE

June 04, 2019

To Whom It May Concern,

Thulani Nyama worked as a full-stack web developer for 3 months in my department at

Veritech ICT Solutions. During that time, Thulani had diverse responsibilities. He reviewed and upgraded websites of pre-existing clients and implemented e-commerce. Deployed websites that fit

Veritech's user policy and PAIA.

Thulani is bright, articulate, punctual and hard working. His enthusiasm for the job comes through in all he does. He has a positive attitude that makes him a pleasure to work with and is one of the reasons he was so well-like by his co-workers.

I highly recommend Thulani for any job he is considering in the web development. He would

be an asset to any employer. If you have further questions about Thulani, please do not hesitate to

contact me at (012) 035 0096/084 094 0575.

Sincerely,

Stanley Zvenyika

Technical Support Engineer
